MIDWEST SERVICES GROUP

OFFERING THE BEST IN PIPELINE SERVICES AND RIGHT-OF-WAY MANAGEMENT

ABOUT OUR COMPANY

It is our continuing goal, to grow every day, to learn and strive to be the very best in our industry. A goal that we move forward with by having a dedicated crew of honest, skilled, hard-working people who make Midwest Services Group the premier pipeline company that it is today. We keep a full time staff of Welders, Operators, Laborers and Truck Drivers to meet the demanding needs of the industry. Our specialized team of industry experts include Nace, Veriforce and OQ Certified members, as well as a full time staffed Veriforce Evaluator & NCCER Master Trainer.

THE GEORGES

Midwest Services Group is a family owned business. Founded by father and son, Dan and Danny George, with a vision of providing innovative and superior pipeline management services.

OUR COMMITMENT TO SAFETY

At Midwest Services Group, safety for our employees and clients is paramount. Our safety-first philosophy begins on day one of joining the Midwest Services Group team and is integrated in every stage of the assessment, planning, design and execution of a project. Our ongoing training, auditing and continuous improvement policies enable our associates to be knowledgeable, prepared and attentive to industry safety policies and are guided by OSHA standards and our in house HSE Manual.
